

WHO SHOULD ATTEND:

This seminar is designed for HVAC contractors, service technicians, installers, building and facility managers, maintenance managers, engineering managers, building service managers, building and grounds supervisors, maintenance supervisors, project managers, maintenance and repair technicians, students and instructors.

ABOUT THE INSTRUCTOR:

Joseph Adeszko has 35 years experience in the HVACR industry where he has worked as a service technician/installer in the residential, commercial and industrial markets in addition to being a service manager and national account manager for Johnson Controls and EMCOR. Furthermore, Adeszko has more than 15 years managing critical data centers including Tier 4 data centers for clients that have worldwide locations. He has more than 15 years experience teaching HVACR courses, including 13 years teaching at the college level. Adeszko is a member of RSES, American Society of Heating, Refrigerating and Air-Conditioning Engineers and Stationary Engineers Local 399.

Ongoing training helps you stay up to date with the changing HVACR industry, allowing you to perform more job functions with quality and efficiency, while becoming a valuable asset to the workforce!

Building and Facilities Maintenance Seminar

October 8, 2011 • 8:00 a.m. - 4:30 p.m.

SEMINAR DESCRIPTION:

This seminar will provide attendees with an overview of what is needed to maintain a property and addresses the reality that facilities management is a “do all position.”

SEMINAR OBJECTIVES:

Seminar attendees will return to work with a better understanding of topics that include:

- Safety
- Work order management
- Plumbing
- HVACR
- Fire protection
- Ground maintenance
- Elevators
- Electrical
- Generators
- Janitorial
- Security
- Vehicle maintenance
- Financial
- Contractor management
- Kitchen/cafeteria
- Training
- Staffing

CERTIFICATES:

Seminar attendees will receive a personalized certificate of completion if pre-registered (on-site registrants will have it mailed to them after the seminar).

TESTING:

Seminar attendees will have the option to take the following exams after the seminar:

- RSES Certificate Member (CM)
- RSES Specialist (SM/CMS)
- EPA Section 608 Certification
- Universal R-410A Certification
- NATE series of exams
- * Exam fees vary, see seminar registration form.

- The NATE series of exams are available as electronic tests. Seminar attendees who would like to obtain immediate test results and take the exam electronically should bring a laptop computer and the necessary cords to the seminar.

LOCATION:

RSES Headquarters
1666 Rand Rd.
Des Plaines, IL 60016
