

The HVACR Training Authority

providing **HVACR**
learning solutions
to **CONTRACTORS**

education
training
certification

RSES Mission Statement:

To provide opportunities for enhanced technical competence by offering comprehensive, cutting-edge education and certification to our members and the HVACR industry.

Connecting your business to learning resources you need

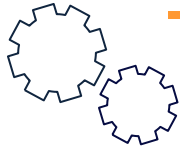

Whether your business is small or large, we have a Contractor Corporate Membership package that will help develop a knowledgeable workforce in an affordable, effective way.

Contractor Corporate Members receive access to education, training and certification which can assist in further developing and strengthening your business.

Webinars

Improve skills with the RSES Webinar Series, designed to augment RSES' many other in-depth training programs, webinars featuring industry experts presenting on a variety of topics. These live monthly events are available to Members free of charge, or as recordings in the member-only area.

eLearning Courses

Receive discounts on RSES eLearning, high-quality online training developed by leading HVACR experts, and earn access to at least one free course.

learning solutions for your business needs

Company Recognition

Contractor Corporate Members receive exclusive use of the RSES Corporate Member logo, identifying the company's commitment to excellence and education.

In addition to a link on the RSES website, all Contractor Corporate Members receive a walnut membership plaque to proudly display the company's involvement with RSES.

Preferred Pricing

All Contractor Corporate Members receive reduced pricing on:

- RSES HVACR Training Authority Seminars;
- RSES Conference and HVACR Technology Expo;
- Advertising in *RSES Journal*; and
- RSES Online Store products.

learning solutions for your business needs

Official Company Representative

Each Contractor Corporate Member appoints a Primary Contact. This individual will be designated to inform RSES of any membership reassignments and will receive the yearly invoice indicating the company's program participants.

learning solutions for your business needs

Technical Information Access

Contractor Corporate Members receive a subscription to the official monthly magazine of RSES—*RSES Journal*[®]—which is the HVACR industry's leading source of technical information for contractors and service technicians.

RSES Journal distinguishes itself from other trade publications via its technical-rich articles published each month. The editorial staff works with a Technical Review Committee to ensure the quality and technical accuracy of all the articles.

learning solutions for your business needs

Technical Information Access

Contractor Corporate Members also receive up to four additional free *RSES Journal* subscriptions to distribute internally, or provide to an HVACR student.

In addition, only Members have free unlimited online access to features and technical articles appearing in *RSES Journal* since December 1995. Archived topics include tips on servicing, maintaining and troubleshooting commercial and residential HVACR equipment.

Education – Training - Certification

Since 1933, Refrigeration Service Engineers Society (RSES) has been a leader in training and education for professional HVACR technicians and contractors.

Though the scope and range of the industry has grown exponentially since then, RSES has remained dedicated to delivering technical information to HVACR professionals.

Highlights of RSES education, training and certification include:

- HVACR Fundamentals
- NATE Certification Prep
- EPA Section 608
- R-410A
- Hydrocarbon Refrigerants
- Sustainable Technologies
 - Geothermal
 - Radiant Heating/Cooling
 - ECMs
- Monthly Webinars
- Online Courses
- Instructor-led Training
- Self-study Materials
- RSES Certified Trainers
