Arkema

Arkema offers Forane® 427A refrigerant, the Easy Retrofit™, when it comes to retrofitting R-22 air conditioning and refrigeration applications. Forane® 427A refrigerant is the closest match to R-22 for performance, mass flow rates, and operating pressures over the whole range of temperatures. For information, visit www.forane-us.com or contact (800) 738-7695. Visit us at **AHR Expo Booth 6547**. Circle 115 on the reader service card.

Fluke

Fluke's NEW T6-1000 Electrical Tester measures voltage without test leads. This will help you work safer, faster, and more efficiently. FieldSense technology lets you slide the open fork over a conductor and see voltage and current simultaneously, without the need to open covers or remove wire nuts. Change your game. Visit us at **AHR Expo Booth 6549**. Circle 119 on the reader service card.

Danfoss

Easy installation and reliable performance. The Danfoss Optyma™ Slim line of outdoor condensing units is now available in sizes ranging from 1-10 hp for low and medium temperature applications for R-404A and R-134a. With a contractor-friendly, open design the Optyma Slim is easy to install and service. Equipped with high-quality Danfoss components, it provides reliable and efficient performance. Visit us at **AHR Expo Booth 2510**. Circle 116 on the reader service card.

KeepRite Refrigeration

We have the experience and technologies to deliver a fully customized solution for your application. Compressor Rack Systems are engineered to match a wide range of application needs. Remote headers are custom built to suit new or existing equipment, providing easy access for installation and servicing. Visit www.k-rp.com/mcu for details. Visit us at **AHR Expo Booth 3118**. Circle 120 on the reader service card.

Danfoss

More reliable at high ambient temperatures, the new Danfoss Turbocor® High Lift compressor is an oil-free, variable speed, magnetic bearing centrifugal compressor optimized for high lift conditions such as air-cooled chiller and heat recovery applications. The High Lift compressor is available in two versions, the 90-ton model TTH325 using R-134a and the 70-ton model TGH250 using low-GWP HFO1234ze. Visit us at **AHR Expo Booth 2510**. Circle 117 on the reader service card.

Parker Hannifin/Sporlan

Labor and Time Saving Solutions with ZoomLock—helping your business win MORE business. Parker ZoomLock Flame-Free refrigerant fittings install in 10 seconds with no more flames, no more nitrogen purging, no more fire spotters, and no more leaks. Contractors using ZoomLock fittings report time and labor costs have been reduced by 40-60%. Such improved productivity puts more money directly on their bottom lines. Visit us at **AHR Expo Booth 4936**. Circle 121 on the reader service card.

Fieldpiece Instruments

Come by the Fieldpiece Instruments Booth 5746 at AHR and learn about all the new products Fieldpiece Instruments will be offering in 2018, like the newest addition to the tool bag line! Also take a look at the several new enhancements to the Job Link® System mobile app that enable HVACR professionals to manage on-the-job projects better. Visit us at **AHR Expo Booth 5746**. Circle 118 on the reader service card.

Regal Beloit

Uniform Airflow for Improved Heat Transfer with DEC Star® Blower System. The Genteq® DEC Star blower system's compact, light configuration reduces velocity head losses and dramatically improves efficiency for HVAC appliances, while providing balanced uniform airflow and reducing input wattage by 15-35% over standard blowers. Visit us at **AHR Expo Booth 4945**. Circle 122 on the reader service card.

Sanhua International

Sanhua offers a full line of liquid line filter-driers with a molded core, providing proven performance under demanding conditions where moisture, contaminants, dirt or acid removal are required. Sanhua filter-driers are applicable for all common refrigerants, including R-134a, R-404A, R-410A, R-507 and R-290. Visit us at **AHR Expo Booth 6320**. Circle 123 on the reader service card.

TSI

Interested in simplifying your HVAC and indoor air quality equipment portfolio? TSI provides the most accurate, dependable and versatile ventilation and IAQ measurement instruments on the market today. Explore TSI's instrumentation at AHR 2018, or visit www.tsi.com/comfort to learn more. Visit us at **AHR Expo Booth 4321**. Circle 127 on the reader service card.

Test Products International

DC580 Airflow Meter from TPI. Hot-wire and vane anemometer for easy balancing of commercial and residential HVAC systems. Measure air velocity and temperature simultaneously. Record minimum, maximum and average; with multiple measuring units: m/s, km/h, ft/min, knots, mph. \$149.95-\$219.95 suggested list price. Visit www.testproductsintl.com. Visit us at **AHR Expo Booth 1130**. Circle 124 on the reader service card.

UEi Test Instruments

The DL489 is our commemorative edition clamp meter celebrating our 50th anniversary in black housing. True RMS, dual display and dual K-Type temperature inputs that measure T1, T2 or differential temperature. Featuring AC/DC amps, AC/DC volts, AC/DC microamps, resistance, capacitance, LRA Inrush, and backed by a two-year limited warranty. Visit us at **AHR Expo Booth 6476**. Circle 128 on the reader service card.

Test Products International

Increase reliability and reduce maintenance costs by easily and affordably troubleshooting and diagnosing machine health and bearing problems with the TPI 9070. Vibration values are displayed with color-coded alarm levels for ISO values and bearing damage (BDU). Fast, reliable and repeatable readings. TPI 9070, \$495.00, at www.testproductsintl.com, or 1-800-368-5719. Visit us at **AHR Expo Booth 1130**. Circle 125 on the reader service card.

testo

The testo 330-1/2 LX industrial combustion analyzers have a full color graphic display, optional NO sensor, and memory for up to 500,000 readings. These high-quality flue gas analyzers combine field replaceable, pre-calibrated sensor technology, a high level of safety, a long product lifespan, and easy handling in one complete package. Visit us at **AHR Expo Booth 7365**. Circle 126 on the reader service card.
