Elitech

Elitech's SVP-7/SVP-9/ SVP-12 intelligent vacuum pump has intelligent control of its motor and solenoid valve and allows the user to conduct system leakage level analysis. The 4 in. smart touch full-color screen shows the user real-time changes on the vacuum through graphs as well estimated job completion time. Data monitoring and analysis is available via app as well. Elitech is a global manufacturer that has dedicated over 25 years to the R&D and manufacturing of HVAC/R tools. **Circle 115 on the reader service card.**

Sporlan/Parker Hannifin

Parker's ZoomLock MAX fittings produce clean, leak-proof connections for refrigerant lines. Jaws fit most professional crimping tools. The fittings, manufactured from hard, robust copper, and placed in hermetically sealed packaging, are ready for quick, clean installations. It means less time on the job and more money in the Contractor's pocket. ZoomLockMax.com. **Circle 119 on the reader service card.**

Fieldpiece Instruments

Fieldpiece's next-generation vacuum pumps will cut down evacuation time and make oil changes on the fly a breeze. They are lightweight, durable and feature four in-line ports, plus a large oil reservoir window. Get pumped about these three new Fieldpiece vacuum pumps, available at distributors now! Learn more at fieldpiece.com. **Circle 116 on the reader service card.**

WaterSaber Tool Co.

The Water Saber Pro is easy to use and attaches to a standard garden hose without the need for special adapters or attachment. It uses the existing water supply pressure to clean the coil, opposite its normal airflow, fitting through existing openings in the unit. With its special 90-degree jet spray, it has plenty of power to remove dirt, grime and debris without the need of chemicals. Manufactured with Heavy Duty 304 Stainless Steel and TIG welds it has a Lifetime Warranty. Visit www.WaterSaber.com for details. **Circle 120 on the reader service card.**

MARS/Heat Controller

MARS/Heat Controller has one of the largest inventories of Commercial Water Source Heat Pumps available - from 0.5 Ton—10 Ton in stock, and larger units built-to-order. Available in vertical, horizontal, and console applications; in 208/230V, 265V, 460V, and 575V configurations; and in both standard and extended range. Visit www.comfort-aire.com. **Circle 117 on the reader service card.**

Ritchie Engineering/ YELLOW JACKET

The YJACK Series of wireless probes by YELLOW JACKET work together to provide a total HVAC/R system diagnostics solution. Multiple devices can measure system and environmental parameters, providing a complete picture of a system's condition. Connects with Bluetooth technology to the YJACK VIEW App or P51-870 TITAN Digital Manifold. **Circle 118 on the reader service card.**

TOOLKIT SOLUTIONS...

RSES Journal is more than just a magazine!

Did you know that you can receive *RSES Journal's* supplemental eNewsletters for free?

Solutions provides subscribers with monthly technical stories, case studies, white papers and products/services not featured in the printed magazine; and **Toolkit** showcases some of the latest industry products and services to hit the market each quarter.

Want to sign up?

Visit www.rses.org/requestinfo.aspx, fill out the form, and select the **Solutions** and **Toolkit** check boxes.

Be sure to click the "Sign Up" button at the bottom of the page when you are finished!
