## Fieldpiece Instruments

Fieldpiece Instruments introduces a new line of wireless probes that are compatible with the Job Link™ Mobile System for versatile, easy testing. The new probes include pressures, pipe clamps, and psychrometers. The probes have a powerful wireless range of 800 ft with a signal strong enough to penetrate through walk-ins. In addition, they have a long battery life, up to 150 hours with two AAA batteries. The probes work directly with Job Link Free for live measurements, diagnostics, reports and more. Look for kits in stores soon. **Circle 115 on the reader service card.**

## Mastercool

Mastercool's Hydra-Swage Kits make expanding copper, aluminum and soft steel tubing easy. Its portability allows the technician to create tube fabrication on the job saving the technician time. The patented hand held high-pressure hydraulic pump (up to 6000 psi) generates the power necessary to expand tubing up to 2-1/8in. (28mm). **Circle 116 on the reader service card.**

## RSES Journal

Get your content on the go with *RSES Journal's* digital edition! RSES Members and magazine subscribers can access our monthly content anywhere, any time. The flip-book version provides readers with live links, easy access to every page via table-of-contents shortcuts, easy-to-read text versions of every page and much more. Access to the digital edition is available from our homepage. **Circle 117 on the reader service card.**

## Sanhua International

Sanhua is the world's leading supplier of four-way reversing valves, selling more than 50 million yearly to the HVACR industry. Sanhua offers four-way valves for cooling capacities from one to 119 tons (R-410A, Condition 2) and has features such as welded pilot connections, improved slider design and energy saving coils. **Circle 118 on the reader service card.**

## Testo

The new and improved testo 552 digital micron gauge is ideal for monitoring the evacuation of air conditioning, refrigeration, and heat pump systems. It is rich in features that make your work faster, easier, and more accurate. Now with Bluetooth connectivity, monitor evacuation directly from your smart device! **Circle 119 on the reader service card.**

## Test Products International

With the TPI 1010A view carbon dioxide, carbon monoxide, temperature and humidity simultaneously. The 1010A also calculates % of outside air. This data logging meter, with memory for up to 10,000 samples, has a backlight LCD display and allows you to download information to computer with optional USB cable. Three-year unit warranty and two-year sensor guarantee. \$995 suggested. **Circle 120 on the reader service card.**
