

# Company Profile

Formed in 1990, Orange County, CA-based Fieldpiece Instruments has become the testing tool company that HVACR professionals trust. Because Fieldpiece focuses only on the HVACR industry, all products are developed to solve real world HVACR problems. For more information, please visit our website at [www.fieldpiece.com](http://www.fieldpiece.com) or call 714.634.1844. We are on Facebook: [www.facebook.com/fieldpieceproducts](http://www.facebook.com/fieldpieceproducts). **Circle 115 on the reader service card.** See our *RSES Journal* ad on pg. 7.

KeepRite Refrigeration is a leading North American manufacturer of commercial refrigeration products. These products include specialized applications in food storage and processing, industrial process cooling, including evaporator coils, condensing units, condensers, heat transfer and heat recovery and air conditioning products. Located in Brantford, Ontario, and Longview, TX, KeepRite Refrigeration products have been manufactured and distributed worldwide for more than 75 years. **Circle 116 on the reader service card.** See our *RSES Journal* ad on pg. 2.

Work. Perform. Outlast.

Celebrating its 70<sup>th</sup> anniversary in 2020, Malco Products, SBC, 100% employee-owned Specific Benefit Corporation, a designation that indicates employee ownership, keeping jobs local, and strengthening communities, manufactures labor-saving tools for HVACR trade professionals that are built to last, rigorously tested and backed by a limited lifetime warranty. **Circle 117 on the reader service card.** See our *RSES Journal* ad on pg. 13.

TPI makes it easy for contractors to manage measurement data. Proof of gas readings, especially carbon monoxide, is critical for boiler/furnace installation, maintenance and repair. With tools like the DC710C1 Combustion Gas Analyzer and an entire line of Smart Probes for pressure, temperature and air flow, contractors simply use a free app on their smart device to manage and document measurements. Bluetooth technology allows the instrument to do the work at the appliance, while the contractor can be in a different area on the job. Measure. Analyze. Manage. Visit [www.testproductintl.com](http://www.testproductintl.com). **Circle 118 on the reader service card.** See our *RSES Journal* ad on pg. 15.

# TOOLKIT SOLUTIONS...

## RSES Journal is more than just a magazine!

Did you know that you can receive *RSES Journal's* supplemental eNewsletters for free?

**Solutions** provides subscribers with monthly technical stories, case studies, white papers and products/services not featured in the printed magazine; and **Toolkit** showcases some of the latest industry products and services to hit the market each quarter.

### Want to sign up?

Visit [www.rses.org/requestinfo.aspx](http://www.rses.org/requestinfo.aspx), fill out the form, and select the **Solutions** and **Toolkit** check boxes.

Be sure to click the "Sign Up" button at the bottom of the page when you are finished!
