## Fieldpiece Instruments

An industry exclusive—the Fieldpiece Instruments SDM N6 dual-port manometer and pressure switch tester. This dual-port manometer measures gas, static and differential pressure and also accurately tests pressure switches by simulating a draft with an internal pump. It also allows technicians to easily calibrate any adjustable pressure switch to furnace manufacturer's specifications. For more information go to [www.fieldpiece.com](http://www.fieldpiece.com). **Circle 115 on the reader service card.**

## Mastercool Inc.

Mastercool introduces the newest in combustible gas leak detection technology! The 55975 leak detector employs a heated tin oxide gas sensor for the detection of chlorofluorocarbon gases and blends. With the flexible 15.5 probe and three sensitivity ranges the Intella Sense can identify the presence of extremely small gas leaks displayed through six vertical LEDs. **Circle 116 on the reader service card.**

## NATE

Are you an HVAC technician or manager who wants an edge on the competition? If so, take a step up with NATE. Our assessments support the development of technicians at every level. Visit [nate.org](http://nate.org) to learn more about the Ready to Work and HVAC Support Tests, NATE certification and the Senior Level Efficiency Exam. **Circle 117 on the reader service card.**

## Nortek Global HVAC

Reznor packaged rooftop units are highly configurable at the factory to deliver the exact spec unit to the jobsite. With over 35 options per tonnage size, there are over 750,000 unit configurations available—all meeting 2018 efficiency standards. It's the solution-driven answer to respect the spec. **Circle 118 on the reader service card.**

## Regal Beloit

The Browning® Toolbox Technician® is an award-winning free app-based toolset for HVAC professionals, featuring calculation/conversion tools as well as installation and troubleshooting guides. Two new features in 2017 include the motor interchange module and retrofit audit sheet, providing access to detailed motor and belt drive optimization information. **Circle 119 on the reader service card.**
