Fieldpiece Instruments

An industry exclusive—the Fieldpiece Instruments SDM6 Dual Port Manometer and Pressure Switch Tester. This dual-port manometer measures gas, static and differential pressure and also accurately tests pressure switches by simulating a draft with an internal pump. For more information go to www.fieldpiece.com. **Circle 115 on the reader service card.**

Jobe Valves

Jobe Valves float valves for your HVAC needs, including feature-packed valves for chillers and cooling towers. Built-in anti-hammering feature. ETL certified to NSF372 standards. UL94 version available. Sizes from 3/4 in.-2 in.

Specializing in manufacturing premium float valves since 1967. See full line at jobevalves.com or call 800-680-3167. **Circle 116 on the reader service card.**

Malco Products SBC

The Malco 4-IN-1 combines 1/4 in., 5/16 in., 3/8 in. and 7/16 in. hex sizes in one pocket-size, sure-gripping, three-lobe handle. This telescoping driver features three position combinations for fast and easy access to hex openings. A positive-locking collar ensures that the quick-release, long-life chrome-vanadium socket-shafts remain secured when applying in-line pressure during use. **Circle 117 on the reader service card.**

NATE

HVACR certification matters. Get an edge on your competition with North American Technician Excellence (NATE). NATE is the only HVACR certification organization developed by the industry, for the industry. Visit natex.org to learn more about the Ready to Work and HVAC Support tests, NATE certification and the Senior Level Efficiency exam. **Circle 118 on the reader service card.**
